# Unsecured Credit Line Advantages

## Low Interest Rates

0% Interest rates for the first 6-13 months! – Rates as low as 6.9%

## Unsecured/No Collateral

-Your business does not need to leverage its assets to acquire capital

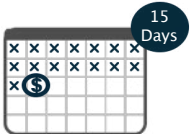

## Stated Income/No Docs Required

-Simple two pages application, No income verification

## No Restriction on Use

-All of our products can be used as same as cash, we do not burden our clients with vendor trade lines (I.E. BP credit lines, Office Depot credit lines)

## Funding in as Little as 7-10 Business Days

-Quick Approval process, which means your company can take advantage of opportunities in the market faster, putting you ahead of your competitors.

## No Upfront Fee!

-We do not charge our clients for submitting an application, we are paid solely on results. A one time 10% success fee is involved based on the total funded amount.

## Lines will not report to the personal credit bureaus

-Drawing from these lines will not affect your utilization ratio, thereby sheltering your personal credit for personal necessities (auto loan, mortgages, student loans, personal credit cards). The credit lines will only report to the business credit profile.
