

Restoration Insurance Billing Source

216-264-0088

rlaw@ribsofohio.com www.ribsofohio.com

We are a top third party Xactimate estimating and insurance billing company for all water/fire/mold mitigation, restoration and roof contractors.

Restoration Insurance Billing Source is the solution for your company to reduce overhead costs. We help to eliminate the overhead of estimators and accounts receivable, so you can focus on the business and marketing to make your company grow. We act as the back office and you only pay us when we get you paid.

Our staff are specialists in billing, collection, mitigation/remediation and the reconstruction of water, fire, mold, biohazard, and animal removal claims. Our estimating/billing/AR services give clients the ability to concentrate on their own projects and marketing, keep overhead to a minimum, and not have to employ full time estimators and accounts receivable personnel.

Our core business

- **Xactimate estimates**
- **Insurance billing and collections**
- **Negotiations and settlements with the insurance company**
- **We get you paid more and faster**

No company is too small or too large. No long-term contracts or fees. Use on a case by case or as needed basis.

We thank you for taking the time to review our information and please contact us with any questions and pricing fees.

“Let us save you time and make you more money”
