

Customers prefer Live Video Chat

We offer the only solution that addresses the main reasons why Businesses have failed to implement a Live Video Chat solution!

With Interact Media, we enable you to engage and communicate with your customers and clients on a deeper level. We give you an easy to use branded tool that enables you and your customers to interact with one easy to use link....and it's driven by video!

Most businesses have failed to implement Live Video Chat for the following reasons:

1. Customers don't want to download an App - Interact Media requires no downloads or Apps
2. Businesses don't want to be tied to a screen waiting for Video Calls - Our solution Texts you when you have a Video Call request
3. When not available, customer is left hanging - We allow the customer to leave a Video Message and schedule a live call
4. Conference Apps are Outbound calling only - With Interact Media, both you and the customer can initiate a call
5. Software and Pricing - We give you a simple code to put on your Website and our price is very reasonable

Safe, Easy, Personal and Secure
