Represented Projects:

DirectedLINK, is has a diverse client portfolio of clients. DirectedLINK supports private companies, non for profits organizations, public companies, and government agencies.

- Spearheaded the modernization of all digital and web media for a union with over 10,000 members. This included multiple websites, member portals, and training portals. We provided the Snr PM, analysts, developers, UX/UI designers, and trainers.
- Supported an enterprise migration from Windows 7 to 10 for a publicly traded firm with over 6000 employees across 2000 locations. We provided the lead engineers, migration specialists, and front-line support.
- Supported the buildout of a 100,000 sqft warehouse which included the implementation of their WMS and other supply chain applications. We provided architects, engineers, and analysts.
