**THE FUTURE IS INNOVATIVE
AND WE ARE THE FUTURE**

THE FORSIGHT OF THE FUTURE OF TECHNOLOGY

ABOUT US

Our clients are our everything. We understand their trials and tackle them as if they were our own so that our clients can thrive and stay ahead of their industry.

IZT is a multipurpose IT firm, that utilizes both modern and advanced technology to generate successful results for businesses' daily technical difficulties. So that your place of success will remain ahead of your competition, secured, and running.

We deliver personalized, attentive, reliable, and cost-effective outsourced IT services to clients nationally. We provide high-class technology services by constantly exploring and implementing innovative solutions that drives long-term value to our customers.

Life is short, your relationship with IT doesn't have to be.

Some Benefits Of Outsourcing IT

• More Affordable

Converts fixed IT costs into budget effective costs. It allows you to only pay for what is used, instead of paying for services and software your business doesn't need.

• Lessens Labor Costs

Outsourcing IT helps you eliminate the cost, time, and focus of hiring and training an IT staff or trying to search for potential temporary employees. It leaves you space to focus on your tasks, while we take care of the technology!

• Levels The Field

Sometimes, if you are just starting off as a smaller business it can be challenging to implement an in-house IT department. With outsourcing IT, a small business can have access to the similar technologies and expertise that the larger competitors enjoy!

• Remain Secure & Compliant

When you work with an outsourced IT team that is compliant and knowledgeable of PCI practices, rest assured your company reduces the risks associated with maintaining client's sensitive data, competitive information, credit card numbers, and so much more.

OUR SERVICE OPTIONS

Outsourced IT

IZT has a fantastic team that caters to each of our clients, providing an incredible wealth of knowledge from an individual that will be specifically assigned to address their needs and deliver the solutions desired.

Cybersecurity

IZT has technical professionals with the experience of eliminating any obstacles that may jeopardize the integrity of your business. We specialize in; Network Security, Critical Infrastructure, Cloud Security, and more.

Cloud

Our cloud services could offer incredible benefits for your business. Benefits include greater productivity and enhanced efficiency to significant cost reductions, and simplified IT management.

Outsourced Helpdesk

IZT responds quickly to inquiries, making sure that nothing affects your company's efforts for too long while maintaining the excellence in service that we are known for.

Hosted VoIP

The service converts phone calls into a series of data packets and transmits calls to the telephone network. Having IZT host your VoIP eliminates much of the risk of not knowing if a trusted resource provides your service.

Security Install

We provide inspections that would allow us to give you the best assessment in determining where your company stands in terms of safety. Based on that assessment, we can make all the proper recommendations per your company's individual needs.

Web Hosting

We offer web hosting services to save businesses the hassle of maintaining their servers and storage space, proving costly over time depending on need; maintenance, speed, and security.

Implementation

We generate your strategic technical plans from a document to innovative actions that will drive your business' growth. We handle the hard labor of the building and fixing process, so that you won't have to.

Game Hosting

Maintenance, speed, and security are what we pride ourselves on regarding your hosting needs. IZT Tech utilizes innovative technology to ensure that we surpass your expectations and strive to make every experience a great experience.

IZT SECURES YOUR FUTURE ONE SERVER AT A TIME

Contact us today for a free personalized evaluation for your business. This is where we explore the functionality of your company's technical strategies. We sit with you to discuss your needs and work with your team to figure out a solution that will help improve your brand's productivity.

Greater Love Church

"They have the best VoIP services for companies. They do all the hard work, it's cheap, and the service never fails. I love it. And they have great cybersecurity."

Sapphire Collections LLC

"Will definitely recommend them any day! Fantastic service and support. Extremely friendly and willing to help at any given time. Truly an amazing company!"

Lunar Organization

"The amount of sheer dedication they have for their support is insane. Been a customer for a long time and have no plans on leaving."

Frame A Bear

"Over the last few years, InZernet has helped take us to the next level in several different areas of our business. They get your concept quickly and can get things done."

At IZT we pride ourselves on being ambitious, innovative, and genuine. Our clients are valuable to us; without them we couldn't be us. Our world uses technology to enhance and improve the lives of humans, daily. So why not have a team that understands

that humans and the relationships we create are first priority and it is up to us to service, improve, and protect their businesses for the growth and empowerment of our society. Come over to IZT today, where the future of your business IS our priority, and our mission.
