

# Work Safer. Work Smarter. Spend Less.

We believe that the size of your business (or budget) shouldn't limit your ability to combat cyber threats. That's why we created Judy, the all-in-one cybersecurity platform that's easy to install, easy to manage, and provides the protection and support you need—at a price you can afford.

## Easy-to-Use, All-in-One Platform

Onboarding new software can be daunting, which is why Judy's all-in-one platform includes everything you need to get your team up to speed. You'll save time and resources while keeping your information secure and your team happy, safe and productive.

## Security You Can Trust

Designed to be both effective and affordable, Judy was built to the highest industry standards using the latest technology. With Judy, you can be confident that your most sensitive customer and company data is always under lock and key.

## 24/7 Protection and Support

Backed by next-gen automated threat monitoring and remediation (and by AaDya's live customer success team), Judy delivers the protection and cybersecurity services you need—without the cost of additional staff or contractors.

## Meet Judy.

She's your virtual cybersecurity solution, and the heart (and brains) of our platform. Judy works 24/7 across all your devices to secure your most sensitive company and customer information. Built using the latest AI and machine-learning technology, Judy leverages a powerful set of features to protect your brand, your customers, and your bottom line
