Component Enterprises is a value-added distributor and manufacturer for the Military, Aerospace, and Industrial markets with over 50 years' experience. We manufacture, distribute and stock a wide variety of electronic & electromechanical components.

Our capabilities include, but are not limited to, **connectors & interconnect products, contacts, backshells, indicator lights, switches, insulators, terminal boards, studs, feed-thru's, cable assemblies, wire harnesses, peripherals & accessories.**

Component Enterprises provides What you need, When you need it!

With over a Half Million part numbers in stock in our 150,000 sq/ft. facility, we have the ability to supply and/or reproduce many hard to find and rare components. Additionally, we can source & locate specific requirements through our worldwide databases and network of affiliates.

If you require a custom or out of production component, our **Value-Added, Stock-to-Build or Just-In-Time** service can produce the part you need, when you need it, much quicker than most others can provide.

About Component Enterprises

Our mission: To supply our customers with the highest quality components to exacting specifications, on time, in a knowledgeable and professional manner. We are devoted to fulfilling your requirements.

Component Enterprises is located in historic Norristown, Pennsylvania; where we have been catering to the military & aerospace component industry since 1965; around the same time the Ford Mustang was introduced, so we consider ourselves a classic as well.

of production components.

Furthermore, our component specialists have, on average, over 30 years of knowledge and experience producing and providing Value-Added components and services. **We offer the might of a huge inventory with the flexibility and finesse of a small company; truly the best of both worlds.**

As a Value Added distributor and Manufacturer, Component Enterprises can supply standard and custom products to meet your specifications. Such products as:

- Electronic & Electromechanical components
- Interconnect products
- Connectors & Contacts
- Backshells
- Indicator Lights
- Switches (Standard & Illuminated)
- Insulators
- Terminal Boards, Studs & Feed-thru's
- Peripherals & Accessories
- **AND SO MUCH MORE!**

With Over a Half Million part numbers in stock combined with our Value-Added flexibility, we can produce the right part for you.
